No. 364 10<sup>th</sup> January 2026

Goodbye 2025 with its sadness, bereavements, accidents and illnesses depleting our workforce. Here's to 2026 with renewed vigour, strength and compassion, entering our 39<sup>th</sup> year as an Animal Rescue.

Thankyou to all our loyal supporters and volunteers for all your support, for without your help in paying vets bills, food costs etc we would not be looking ahead to 2026.

Thankyou you all for sincere new year greetings, and a BIG THANKYOU to everyone who sent in donations – too many

to mention here, we were overwhelmed to receive such support. Not only local support, but from further afield, which impresses us greatly. So, here we go....

## THANKYOU TO –

Coates Warehousing in Leicestershire who donated £600 to us – nominated by GINA FLOWER, thankyou Gina.

Leek Building Society in Newcastle who also donated £601.90

## HAMPERS FOR THE CATS AND DOGS

We would also like to send a huge THANK YOU to TESCO KIDSGROVE & ASDA ALSAGER for their continued support throughout the year allowing us to receive vital

CC REG No 519969. [www.alsager-animals.net](http://www.alsager-animals.net)

food donations in store to help the animals in our care which benefit our animals immensely. Also a big THANK YOU to VELEDA PREISS and colleagues at the NHS Sexual Health Team COBRIDGE CLINIC for their very kind donation of cat & dog food, treats and toys.

Thankyou to SALON 22, Hair by Hazel & Ellie in Newcastle, The Cedars School in Knutton – well done children and thankyou all. Also thanks to White Cross Vets in Wolstanton who raised £108.44 AND for their food donations. Thanks to NATWEST in Hanley for food, litter trays, toys and treats. TK Maxx for their copious donations of food etc – Thankyou ! Many thanks to BETWIXTMAS Christmas Quiz held by Caleb & Kirsty at HipHops Bar Alsager - for holding a Raffle and raising £105 for our charity. Thanks to Vets4Pets in Alsager for

holding a raffle too. You have all been amazing!

## **“SUPPORT THOSE, WHO IN TURN, SUPPORT US”**

The Christmas Bake, held by supporters VAL & MALCOLM, was won by Sue (Cake Stall) who guessed the correct weight of 7lbs 1oz. Sue, always supportive and kind, will slice the cake up and sell slices at the coffee morning, which means that the cake will be a double earner!

**THANKYOU SUE!**

However, this PAWPRINT must also acknowledge the receipt of £50 in memory of the late Josephine and Ronald Barlow, formerly of Wolstanton. We send our most sincere condolences to family and friends, and gratitude for remembering us **at such a sad time.**

# CAT NEWS

Happily, before we closed for the Christmas break on December 14<sup>th</sup>, we managed to rehome 6 cats.

Quickly to be rehomed was SPENCER, the ginger and white boy who made the news in America and in Europe too!

Sadly, one stray – a ginger entire male was so riddled with infections, the vet advised us that the kindest thing would be to relieve his suffering and let him go.

LUNA, a grey and white female was unfortunately a victim of a RTA on Lawton Road. She was chipped and we reunited her with her owners, very sad circumstances.

Owners are very drawn to coloured cats – ginger, tortie, calico, and often overlook the beautiful tabbies, black and the white ones in our care. I, myself, have 4 black cats, all very sleek and are wonderful characters. I have always said,

you only get out of an animal what you put into it – love and affection etc.

We have 30 cats in our care at the moment. Only 2 new entries, first one is SWEETIE, she is a dark tortie whose owner went into care, and also GEORGE who is a tabby and white entire male. He was in danger of losing his life on a very busy main road.

Please remember the 10 farm cats which we are still feeding everyday (owner waiting for an operation). This is our 4<sup>th</sup> winter season caring for these very beautiful ginger, tabby, black and calico cats, all neutered by us. They have outdoor kennels filled with straw for warmth and full bellies every day to help keep them warm.

Your support with feeding costs is greatly appreciated.

Although we were closed from 14<sup>th</sup> December to January 5<sup>th</sup>, we answered the phone daily to give advice etc so we were still kept busy.

# **Permanent Cat Fosterer Urgently Needed!**

We cannot stress how desperate we are for someone to take on our cattery. As most of our readers will know that our Fosterer, Jeanette, passed away suddenly last year. There is a large cattery still in her garden which really needs a home so we can care for more cats in comfort. Besides being dedicated to cat welfare you will need to be a homeowner. Realistically a car owner so you can get to the vets easily. Interested? Please contact Hilary 07939 255444 or Lisa 07970 194929

We still have kittens waiting for homes, ranging from 8 weeks to 6 months old, various colours from beautiful black to tantalising tabby and tortie, and don't forget the black and white beauties. If you need a companion to keep you company during the long nights ahead, please remember all the cats and kittens in our care as winter approaches. Although all the catteries are cosy and warm, there's no place like home is there?

# DOG NEWS

In 2016 we rehomed a lurcher puppy with a broken hind leg to supporter Philip Moss. Lurcher STANLEY was to cement a friendship with Philip over the years, and despite Philip being disabled, he was an excellent owner with STANLEY always coming first. STANLEY went on lots of field walks with Philip in his wheelchair – they were known to so many! Three and a half years ago, Philip bought BENTLEY, a tri-coloured collie pup to join STANLEY on their long walks together. However, happiness was to end recently when Philip fell ill, the diagnosis was terminal cancer. We were devastated, and reassured Philip and his relatives that STANLEY, being one of our dogs, would come back to us, and as BENTLEY was his friend, he would come

too. This was very reassuring to all concerned. When STANLEY came in, we knew straight away that he was not well and took him to see our vets, VETS4PETS in Alsager. Following tests and scans, the stark news was that he was full of tumours, which was the reason why he was not eating and losing so much weight. On the vets advice, gorgeous STANLEY was put to sleep, to be reunited with Philip who had passed away only 24 hours earlier, after saying goodbye to his beloved dogs.

We were all devastated with this news, but consoled with the thought that Philip and Stanley were reunited once again.

So, what about BENTLEY, left without Philip & Stanley. He is with us now and settled well in to kennel life and routine, which gives them security.

Sadly, we discovered that BENTLEY, years' previously,

had started to have fits, these are now controlled by medication which can never stop to be administered. He has not had a fit for 12 months now, but we must be careful and monitor him closely. We must also take care when rehoming him, as he has never been left for long periods of time and he's also used to being with an amiable dog companion, NOT used to children or cats, although from his lovely nature would be ok with dog savvy children 12+ years. Someone who is committed to giving him his medication on a regular daily basis (this medication is not too costly), and likes to go for long walks. BENTLEY is a typical collie, active, clever and very loving, coming from a home where dogs come first.

If you can help BENTLEY, please ring one of the following numbers

**07939 255444 – HILARY or 07970 194929 - LISA.**

Happily, LEXIE, the cross breed bitch has gone to a lovely, appreciative home. Leaving us with **DEXTER** and **HOLLY**.

## **DEXTER**

He is your typical curly coated, black, boisterous COCKERPOO, who came from a troubled background, so needs a quiet, stable home to give him the feeling of security.

He is curious with regards to other dogs, but was not walked much in his former home so needs socialisation and lead training. Sorry, NO TO CHILDREN. We are anxious to find the right forever home quickly, as he has lost weight recently which sometimes rescue dogs do when in kennels for the first time. Could you offer DEXTER a home? Please ring to discuss if you feel you meet the criteria.

# **HOLLY**

Holly came in to us close to Christmas, again from a troubled background. She is a cutie! A terrier type bitch, 12 months old. She will begin her vets treatment in the New Year so is not quite ready for adoption yet. Since coming into kennels she has come into season, so, all being well, will be ready for spaying in 3 months' time. This cost will be covered by the Rescue.
